

Momentum and Reflection

The reckoning. The declaration. Everything built, said out loud.

SESSION ARC · 90 MINUTES

01 Opening Frame

5 to 10 min

Bridge review. Participants share what they built or tested toward their container. What do you now know needs to be built? The room arrives ready to integrate everything into a declaration.

02 Carry Forward

15 to 20 min

Each participant writes their six decisions from Sessions 2 through 5. Nine words, positioning statement, ideal client, lane, journey archetype, and the pattern they are watching. This is the architecture of who they are now.

03 The Declaration

25 to 30 min

Every participant stands and answers four questions out loud. How were you leading before? What pattern kept you from growing? How will you show up now? Are you confident you have what it takes? The group witnesses each one. No coaching. Just honesty.

04 Compass and Letter

15 to 20 min

Each participant completes their 90 Day Leadership Compass and writes a letter to their future self. Three priorities. One monthly question. Day 30, 60, and 90 reminders set before leaving the room.

05 Graduation

5 to 10 min

The program closes with each participant reading one sentence from their letter. The coach closes. The cohort holds each other to what was said.

SESSION FOCUS

Integration, not instruction

This session teaches nothing new. Everything was built in Sessions 1 through 5. Session 6 is the moment you put it into words, name the pattern in front of the group, and leave with a compass and a letter.
